

Events from Jan 2008

It was an eventful year in IDA MWSB. There was a lot of co-operation and support from our Committee members to make Classroom Training Program interesting and successful.

We conducted 5 Dental Awareness & Check up Camps, 2 Scientific Seminars & 44 Classroom Training programs .We also conducted free hands on courses in Implants Placements not once but twice, thanks to Dr. Rachna Hegde & Dr. Vijay Salve.

We had a hands on course in Endodontics by Dr. P D Joshi in which 20 members participated. We would like to thank all the Speakers who gave us their valuable time and knowledge to upgrade the standards in Dentistry.

It was all possible because of the encouragement, support & enthusiasm of all the members of our branch which motivated every member of the committee.

The list of events for the year 2008 is as follows:
